To Whom It May Concern:

It is hereby confirmed that Dr. Kurt Strack and Dr. Leon Thomsen of KMS Technologies have successfully taught "Electrical Methods for Hydrocarbon Applications" to Petrobras geophysicists in our geophysics technical short course program in June 2009 at the University of Houston.

Dr. Kurt Strack of KMS Technologies had also taught a similar technical training course (Borehole Geophysics) to Petrobras geophysicists in June 2005 at the University of Houston.

Respectfully,

A handwritten signature in black ink, appearing to read 'Don Van Nieuwenhuse'.
